Paddock Bulls 2026

COPLEY PADDOCK BULLS

Paddock bulls are now available at Salty. Copley Bulls are proudly part of the segment of the breed actively working to make incremental genetic gains through our management, selection and analysis.

Come and visit us at Salty, view the bulls and see the Herd that Works in action.

WHY BUY COPLEY BULLS?

Copley bulls give producers the full benefit of Brahman adaptation, without compromising on fertility. Commercially run, no grain, no special treatment. We breed bulls worth buying.

Our paddock bulls are breed leaders averaging in the top 5% for Live Export\$, Central Production\$, Days-to-Calving and Scrotal Size. Our selection is heavily influenced by fertility traits, as this has the biggest potential impact on your profitability.

Every bull is DNA tested allowing for parental verification and DNA confirmed polls. Every bull is DNA tested allowing for parental verification and DNA confirmed polls.

All have a full suite of EBVs, GBVs as well as 4 generations of maternal data. Our bulls have undergone BBSE testing.
